Family BBQ

We are all so excited to be able to host a family BBQ. This is for all the Club members who come throughout the week, and they are welcome to invite their family to join them. This is an after hours event. Someone must accompany the club member as the staff will be busy preparing and hosting. This will be an ideal opportunity to meet the family members of your friends here at the Club! (if anyone has a fold up chair please bring just in case extra seating is needed).

Vulnerable Person's ID Card

We were lucky enough to have Naomi from the Vulnerable Persons' Registry speak to us last month. One thing that came from that day which was very interesting was the fact that although you may register your home as a place with a vulnerable person, there is nothing to alert authorities if you are the sole caregiver and something happens to you outside of the home. We have developed a wallet card for you to fill in your information. We will then laminate it here for you and you can keep it in your wallet/purse or car glove box for that extra piece of mind.
