Who might benefit from VON Nursing Foot Care?

Everyone can benefit from VON Nursing Foot Care Services. This includes

anyone who is having difficulty cutting their toenails due to

their health (such as poor vision, arthritis, stroke) or has any of the following conditions; diabetes, painful feet, poor circulation, thick or problem toenails or corns or calluses.

After assessing your foot care needs, the VON Foot Care Nurse will design a personalized treatment program specific to your individual needs.

VON Foot Care Services

VON Algoma Site has regularly scheduled clinics that are both convenient and affordable. Call 942-8200 for upcoming clinics.

The VON Foot Care Nurse can arrange to visit your home, club, organization or care facility and provide hourly, full day, half day or evening clinics. All clients would require a pre-arranged appointment.

24 hour cancellation is required.
